

Psychologist in need of contact

TEKST

Gabriele Unseld

PUBLISERT 1. november 2005

I am a 56-year-old psychologist, working in the Bavarian psychiatric ambulance. I want to correspond with a Norwegian psychologist who is interested in mental health concepts in theory and practice. I am visiting a Danish friend in may 2006, and would also like to visit Norway, so there is a possibility to see each other. Of course you can visit my home at Landshut in lower Bawaria.
